

# Making Change Work for You

**11/27/18**

**Quest Conference Center**

8405 Pulsar Place

Columbus, OH 43240

**10:00 - 12:00**

The morning will begin with a presentation by Brian Cunningham on Making Change Work for You. Today, organizations need to prepare for change, sometimes quickly. Employees who can adjust & adapt to those changes are needed. Many of us prefer stability and when faced with change, we are drained: physically, mentally & emotionally. The key is to understand that while a "change event" happens "to" us, our response to change is internal and it's under our control. This workshop will share ways to identify how you process change & introduces 5 action steps to adapt more quickly.

**12:00 - 1:30**

Lunch on your own

**1:30 - 4:00**

The afternoon will be a presentation by Amy Roehrenbeck and Ryann Levering-White on the changes with SB70 (Technical Fixes) and HB366 (Guidelines).
