COMPOSITES: DRIVING DESIGN

SEPTEMBER 13-15 2011

MSU MANAGEMENT EDUCATION CENTER
811 W. SQUARE LAKE RD. TROY, MI USA

ATTEND THE WORLD'S LEADING AUTOMOTIVE COMPOSITES FORUM

The Automotive and Composites Divisions of the Society of Plastics Engineers (SPE) International invite you to attend the 11th-annual **SPE Automotive Composites Conference and Exhibition (ACCE)**, **September 13-15, 2011**. The show – which has become the world's leading automotive composites forum – will feature technical paper sessions, panel discussions, keynote speakers, networking receptions, & exhibits highlighting advances in materials, processes, and applications technologies for both thermoset and thermoplastic composites in a wide variety of ground-transportation applications.

PRESENT BEFORE AN ENGAGED, GLOBAL AUDIENCE

The **SPE ACCE** typically draws over 400 attendees from 14 countries on 4 continents who are interested in learning about the latest composites technologies. Fully a third of attendees work for an automotive, heavy truck, agricultural / off-road equipment, or aerospace OEM, and roughly a fifth work for a tier integrator. Few conferences of any size can put you before such an engaged, global audience vitally interested in hearing the latest composites advances. Interested in presenting your latest research? **Abstracts** are due no later than **March 26, 2011** and **Papers** no later than **May 28, 2011** to allow time for peer review. E-mail abstracts or papers to ACCEpapers@speautomotive.com. Approved papers will be distributed on a CD to conference attendees and posted on our website after the event.

SHOWCASE YOUR PRODUCTS & SERVICES WITH EXHIBIT & SPONSORSHIP OPPORTUNITIES

A variety of sponsorship packages – including displays, conference giveaways, advertising and publicity, signage, tickets, and networking receptions – are available. Companies interested in showcasing their products and/or services at the **SPE ACCE** should contact Teri Chouinard of Intuit Group at teri@intuitgroup.com.
