

The Medical Examiner/Coroner Alert Project (MECAP) is operated by the [U.S. Consumer Product Safety Commission](#) to collect and disseminate information about selected types of consumer products as they relate to death cases. Physicians and health care professionals may [report fatality incidents](#) to CPSC. Selected Information is published quarterly in *Consumer Product Safety Review*. Subscription information may be obtained on the CPSC web site or by phone at (202) 512-1800.
